COMMITTEE ON LEGISLATIVE RESEARCH

OVERSIGHT DIVISION

THE COMMITTEE ON LEGISLATIVE

RESEARCH, Oversight Division, is an agency of the Missouri General Assembly as established in Chapter 23 of the Revised Statutes of Missouri. The programs and activities of the State of Missouri cost approximately \$27.7 billion annually. Each year the General Assembly enacts laws which add to, delete or change these programs. To meet the demands for more responsive and cost effective state government, legislators need to receive information regarding the status of the programs which they have created and the expenditure of funds which they have authorized. The work of the Oversight Division provides the General Assembly with a means to evaluate state agencies and state programs.

THE COMMITTEE ON LEGISLATIVE

RESEARCH is a permanent joint committee of the Missouri General Assembly comprised of the chairman of the Senate Appropriations Committee and nine other members of the Senate and the chairman of the House Budget Committee and nine other members of the House of Representatives. The Senate members are appointed by the President Pro Tem of the Senate and the House members are appointed by the Speaker of the House of Representatives. No more than six members from the House and six members from the Senate may be of the same political party.

COMMITTEE ON LEGISLATIVE RESEARCH OVERSIGHT DIVISION

December, 2017

The Oversight Division is pleased to present the annual report on state bonded indebtedness and other evidences of indebtedness as required by Section 23.195, RSMo. This report is a summary of information compiled from state agencies and other governmental entities. Its contents describe both state debt and non-state debt as of June 30, 2017. The information is unaudited.

We have listed state debt, by agency, and non-state debt. It is important to mention the State of Missouri has continued to maintain its AAA bond rating for general obligation bonds. This means the state has a superior credit rating and can issue its bonds at a lower rate of interest.

We hope this report will be helpful to the members of the General Assembly and encourage you to contact our office if you have any questions regarding its content. You can obtain additional copies of the report on the Oversight Division's website at www.legislativeoversight.mo.gov

Introduction & Scope

Section 23.195, RSMo directs the Oversight Division of the Committee on Legislative Research to "...maintain a register of all state bonds or other evidences of indebtedness of all state agencies and of entities of the state given authority by law to incur indebtedness, whether or not the indebtedness is a liability of the state..." Subsection 2 of this statute requires that the Oversight Division "...report on the total bonded and other indebtedness including lease purchase agreements of this state and its various agencies, entities, and institutions to the individual members of the general assembly..." This report provides members of the state legislature with information regarding the amount of indebtedness incurred throughout the state as of June 30, 2017 so that they may make informed decisions regarding expenditures and appropriations.

Capital, Operating & Lease/Purchase and Other Obligations

The schedule below contains the total outstanding lease payments on facilities with lease options. Lease purchases for personal property as well as any other obligations are calculated to the end of the lease. For this schedule we have listed the FY 2018 lease payment as well as the outstanding balance on the leases.

The Office of Administration's Division of Facilities Management reports leases for land and buildings for those agencies indicated with an asterisk. The lease totals are computed on an annual basis so only the FY 2018 amount is listed. The lease purchase totals on equipment, etc., are calculated to the end of the lease and listed separately. The Missouri Department of Transportation (MoDOT) has a policy that aids local governments by contractually committing MoDOT's financial resources to retiring bonds that were issued by the local governments for road or bridge projects on state-owned highways that are located within the local government's boundaries. The total of those obligations is listed separately below.
